

SUPPORT

SPAX offers you the right products, information, and application assistance to help you do your best work. Please visit our [“Applications”](#) and [“FAQ’s”](#) pages for a list of recommended applications and frequently asked questions about SPAX Multi-material Construction Screws and PowerLags®. Our [“Project Gallery”](#) is a growing photo album of professional and do-it-yourself projects that describe what and where specific SPAX fasteners were used.

Sales Associates of the leading Home Improvement Centers where SPAX® Multi-material Construction Screw and PowerLags® are sold, can also be a helpful resource about what products to use and “how to” information for a wide range of construction and remodeling projects. Should you require further assistance about a specific SPAX® fastener or a recommendation for a given application, call 1-888-ABC-SPAX from 8:00 am to 5:00 pm EST, M – F.
