Re: Statement of manufacturing location - SPAX® Brand Fasteners

Date: November 2019

This letter is to certify most SPAX® brand fasteners sold in North America are "Made in the USA."

SPAX® Multi Material screws, including flat-head, T-Star, wafer head, pan head, and trim screws are manufactured in our Bryan, OH plant. SPAX® stainless steel screws and trim head (MDF) screws are manufactured in our manufacturing facility in Germany.

SPAX® Power Lag screws and Log Home fasteners of all head types and coatings are manufactured in our Bryan, OH plant.

SPAX® Timber Lag screws are manufactured in our manufacturing facility in Germany.

For further information, please contact ABC SPAX® at (419) 630-2490.
